Re: Application for Change under Ground Water Certificate No. G3-24659C

Dear Mr. Penwell:

In response to your request, you are hereby granted an extension to put the water to full beneficial use for the reason(s) below:

- According to your request, the majority of your current connections are seasonal recreational vehicles and a large number of the lots do not have homes built on them, making it difficult to accurately determine the system's capacity.
- Be advised that the State Water Code requires that your project be pursued with diligence. It is important that development of your project continue within the time prescribed in this authorization.

The new deadline to submit your *Proof of Appropriation of Water* is **June 1, 2029**.
