Re: Water Right File No.: CG4-01256P@2: Two Showings of Compliance Approved in WRIA 31 – Klickitat County – Complete Construction Extended to **December 31, 2022**
Water Right File No. G4-01256P Superseding Permit

Dear Scott Andrews:

On November 27, 2019, our office received the above referenced Showing of Compliance forms. We have updated our database to include Wells #2 and 3 (additional wells), located within the SW¼SE¼ of Section 11 (Well #2) and SE¼NE¼ of Section 15 (Well #3), both within T. 6 N., R. 23 E.W.M., Klickitat County. Well #1 was not completed in the same body of public groundwater and cannot be added to this water right permit.

On November 3, 2020, our office received an extension request for the Completion of Construction. In response to your request, Ecology grants an extension to complete construction for the reason(s) below:
Project has been delayed due to poor initial well construction and the COVID-19 pandemic.

The new deadline to submit your *Construction Notice* is **December 31, 2022**.

We have enclosed the Superseding Permit to show the latest information we have for G4-01256P, including the two wells added through Showing of Compliance in 2010. Please reference the water right number G4-01256P in any future communications with our office; it will help us to better serve you.

If you have any questions, please contact the Water Resources Help Desk at (509) 575-2597.
