RE: Amended Trust Water Donation No. CS4-23634C

Dear Todd C. Quinn:

The purpose of this letter is to acknowledge the Department of Ecology's (Ecology) amended acceptance of your donation to the Washington State Trust Water rights program. The trust water right has been assigned file number CS4-23634C. Please refer to this number when corresponding with us about this trust water right. You are receiving an amended acceptance to acknowledge the full donation of your water right, based on your unavailability of water and the reasonably diligent steps you have taken to resume water access. We recommend that you continue to keep good records of the steps you take to pursue beneficially using your water once more.

Under RCW 90.42.080(1) (b), Ecology accepts your donation, as summarized below.

| | |
|------------------------------|----------------------------------|
| Benefiting Water Body | Spray Canyon |
| Purpose | Instream Flow |
| Rate | 0.81 cubic feet per second (cfs) |
| Acre-Feet Per Year | 164 |
| Season | April 1 to October 15 |

* Unless otherwise noted the donated water is for the entire water duty authorized on the subject water right.

Trust Water Expiration Date: March 31, 2030

In accordance with RCW 90.42.040(6), RCW 90.14.140(2)(h), and RCW 90.14.215, a water right is not subject to relinquishment while it is managed within the Trust Water Rights Program.

Ecology's acceptance of the donated water right into the trust water rights program is not evidence of the validity or quantity of the right. When the period of trust ends, the water right will revert back to the water right holder or landowner in the full quantity accepted into the trust water rights program and as described on the water right certificate or most recent approved change authorization.

RCW 90.42.080 provides that the water right remaining with the donor plus the donated portion of the water right may not exceed the extent to which the water right was exercised during the five years before the donation.

Ecology has simplified how we manage the Trust Water Rights Program, and we have a new donation form that can be found on our Trust Water Rights Program webpage at: <https://ecology.wa.gov/Water-Shorelines/Water-supply/Water-rights/Trust-water-rights>.

If, prior to expiration of this temporary donation, you would like to extend, modify, or terminate the temporary donation, please email Ecology at wrCRO@ecy.wa.gov. Ecology will review your request and notify you whether the donation can be extended, modified, or terminated.

If you have any questions, please contact Jolee Ramos by phone at (509) 406-4692 or via email at jolee.ramos@ecy.wa.gov.

Sincerely,

Heather Simmons, Section Manager
