RE: Determination of Water Budget Neutrality for Request No. G4-36098

Dear Steven Ford:

Thank you for submitting a Request for Determination of Water Budget Neutrality, which was received by the Department of Ecology (Ecology) office on March 18, 2020.

In accordance with Washington Administrative Code (WAC) 173-539A, Ecology has determined your proposed appropriation of groundwater, as mitigated by the trust water right identified in your request, will be water budget neutral with respect to Total Water Supply Available (TWSA) at Parker.

The information in the table below was based on the documents you provided.

Proposed Uses and Mitigation Offered:

Use	Proposed Total Annual Quantity (ac-ft/yr*)	Proposed Mitigation (ac-ft/yr*)
Indoor	0.308	0.092
Outdoor	0.022	0.019
Total	0.330	0.112

*ac-ft/yr = acre-feet per year (1 acre-foot = 325,851 gallons)

Consumptive use, totaling 0.112 ac-ft/yr, is proposed to be offset with Trust Water Right No. CS4-YRB03CC02255. The total consumptive use does not exceed the amount of water available under the subject trust water right during the irrigation season.

Ecology has determined, based on review of your Request for Determination of Water Budget Neutrality and the accompanying materials, your proposed use of groundwater will be Water Budget Neutral as follows:

1. Water use is to be made within Parcel No. 455734 located within the S½NE¼ of Section 8, T. 19 N., R. 15 E.W.M. In-home water use is for 1 connection, using 275 gallons per day, resulting in a consumptive use of 0.092 ac-ft/yr.
2. Outdoor irrigation water use for 0.011 acres results in a consumptive use of 0.019 ac-ft/yr.
3. Water will be obtained from a well, located in Parcel No. 455734 located within the S½NE¼ of Section 8, T. 19 N., R. 15 E.W.M.
4. Water use shall be recorded and reported as required under WAC 173-539A-070.
5. You will record with the Kittitas County Auditor a property covenant as required under WAC 173-539A-050 that restricts or prohibits trees or shrubs over septic drain fields on Parcel No. 455734.
6. You will record with the Kittitas County Auditor an appropriate conveyance instrument under which the applicant obtains an interest in Trust Water Right No. CS4-YRB03CC02255 to offset consumptive use as described in this letter.
7. You will pay to Ecology the sum of \$36.37, which represents a proportionate amount of the payment due and owing to the United States for storage and delivery of water under Paragraph 15(a) of Water Storage and Exchange Contract No. 09XX101700, between the U.S. Bureau of Reclamation and the State of Washington Department of Ecology, Yakima Project, Washington, dated January 29, 2009¹. The consumptive use of 0.057 acre-feet from September 1 through March 31, is subject to the terms and conditions in the Water Storage and Exchange Contract No. 09XX101700.
8. Any valid priority calls against Trust Water Right No. CS4-YRB03CC02255 based on local limitations in water availability, will result in temporary curtailment of the use of water until the priority call for water ends.

If you have any questions, please contact the Help Desk at (509) 575-2597.
