RE: Extension Request for Trust Water Donation No. CS4-1858&1859(A)@3 (83818)

Dear Michael Crowder:

The purpose of this letter is to accept your request for a five year extension to Temporary Trust Water Donation No. CS4-1858&1859(A)@3 (83818) within Ecology's Trust Water Rights Program (TWRP). The donation will continue in the amount of 6.4 cfs and 2,600 acre-feet per year.

The new expiration date for this temporary trust water right is December 31, 2025.

RCW's 90.42.080 and 90.38.020 provide in part that the total of any portion of the water right remaining with the donor plus the donated portion of the water right may not exceed the extent to which the water right was exercised during the five years before the donation.

In accordance with RCW's 90.42.040(6), 90.38.040(6), RCW 90.14.140(h), and RCW 90.14.215, a water right is not subject to relinquishment while it is managed within the Trust Water Right Program.

Ecology's acceptance of the donated water right into the trust water right program is not evidence of the validity or quantity of the right.

When the period of trust ends, the water right will revert back to the water right lease holder in the quantities within the lease agreement and Yakima Superior Court Order No. 77-2-01484 5.

If, prior to the new expiration of this temporary donation, you would like it extended for an additional period of time, please send us a written request referencing the application number above. Also, if you wish to modify any terms of your donation, your request must include the new terms.

To remove the water right from the TWRP, submit a letter to Ecology's Central Regional Office requesting its removal from the program.

If you have any questions, please feel free to contact Patricia Kirk with Ecology's Office of Columbia River by email at pkir461@ecy.wa.gov.

Sincerely,

Holly Myers, Operations Manager
Office of Columbia River
