

## 2001 Drought Year Water Transfer Process

The CAG Working group will meet each Monday at 1:30 PM at the BOR office in Yakima to consider transfer requests.

The group has established a preferred format for 2001 drought related water transfer requests. Adherence to this format will assist the group to process requests in a timely manner.

Requests should be received not later than Tuesday of the week preceding the Monday meeting to allow for pre-meeting review by CAG group members.

The semi-monthly notice will be published by DOE's Referee's office on the 1st and the 15th of every month, starting May 1, 2001.

BOR needs to submit entries 5 days in advance of that date.

BOR deadlines are the 25th and the 10th of each month for submitting the semi-monthly notice entries to Ecology.
